Aktualności Zarządu

The fourth generation of **Gantry** introduces a selection of new and desirable features to its arsenal, such as a **responsive layout**.

Gantry v4 effectively offers several main new features: a responsive layout, an improved administrative interface, **LESS support**, as well as general [performance/optimization enhancements](#).

The standard features such as per-browser-level CSS and JS control, **built-in AJAX** and many others are still available with Gantry v4.
